

REMARKS

Applicant, by the amendments presented above, has made a concerted effort to present claims which more clearly define over the prior art of record, and thus to place this case in condition for allowance.

The Examiner indicated that claims 9,10,19, 32 and 33 were allowed, and that claims 21, 22, 24, 26, 28 and 30 would be allowable if rewritten in independent form. Claims 21, 24, 26, 28 and 30 have been rewritten in independent form and include all of the limitations of the base claim and any intervening claims. Therefore, reconsideration and allowance of same is requested.

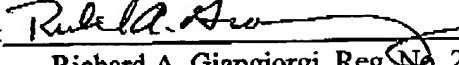

The remaining pending claims are dependent on one of the claims which have now been placed in condition for allowance. Reconsideration and allowance of these claims is also requested.

Applicant has also presented an Information Disclosure Statement to cite references from an Office Action received in the corresponding Chinese application. A copy of the Office Action citing same is also enclosed. Consideration of same is requested.

In view of the above Amendments and Remarks, Applicant respectfully submits that the claims of the application are allowable over the rejections of the Examiner. Should the Examiner have any questions regarding this Amendment, the Examiner is invited to contact one of the undersigned attorneys at (312) 704-1890.

Respectfully submitted,

Date: 6/23/06
